EDUCATION

University of Oxford

BA Computer Science

Expected 2.1

Awarded multiple prizes for preliminary exam results

67% in Functional Programming, Design and Analysis of Algorithms

Oxford, England

2024 - Present

Exeter College

A levels: Further Maths (A*), Maths (A*), Music (A*), Computer Science (A)

Received the Faculty Award for Music

Exeter, England

2022 - 2024

RELEVANT EXPERIENCE

Quill Project

Web Development Intern

Oxford, England

Dec 2025

- Designed a new staff page for quillproject.net and implemented with Bootstrap and jQuery
- Gathered user requirements and iterated design using Figma web design tools

Project: Data Visualization Tool

React / JavaScript / Python

- Collaborated in a team to develop a web-based data visualization tool for barge logistics company Squid Software
- Applied Python for data processing and analysis, delivering actionable insights for improved decision-making

Project: Machine Learning Models

Python / TensorFlow / SciKit-Learn

- Implemented a Naïve Bayes Classifier and a Convolutional Neural Network during my ML course
- The CNN could classify handwritten digits with 98% accuracy. Developed with SciKit-Learn library

ADDITIONAL EXPERIENCE

Morrisons

Delivery Driver

Exeter, England

2025 – Oct 2025

- Delivered to up to 25 customers per day, ensuring friendly service to all
- Managed multiple orders at one time, where I utilised my time management skills

Project: Minimax-Driven Connect4 CPU opponent

Python

- Recursive algorithm implementing Minimax decision rule from game theory to create a computer opponent
- Adjustable difficulty by altering search depth, with ability to beat human player without significant processing time

SKILLS AND INTERESTS

- Programming Languages: Python, JavaScript, Scala, Haskell, SQL
- Music: Grade 8 Jazz Piano, Devon Youth Jazz Orchestra (2022-2023)
- Sport: Ultimate Frisbee U17 National Champion (2022)
